

New Resource for Aboriginal Teens

To help Aboriginal teens make smart decisions when sharing online, MediaSmarts, Facebook and the Aboriginal Peoples Television Network (APTN) partnered to translate MediaSmarts *Think Before You Share* guide into three common languages: Ojibwe, Cree and Inuktitut.

The guide offers teens advice on safe, wise and ethical online behaviour.

The new resources are freely available on MediaSmarts' website: <http://mediasmarts.ca/blog/new-tools-aboriginal-youth-making-good-decisions-about-sharing-online>
