

Typical timetables for “Youth TRAIN in Trades” Programs

- Most of these programs are **designed for grade 12s**, but can be offered to **mature grade 11s** in some instances (as long as pre-reqs are met)
- Actual timetables may vary slightly, as each student is unique in their goals and graduation plans... these are **only meant as general guidelines**
- Students are encouraged to **talk to their school counselor** to see if a specific program will work for them
- **Interested students should complete an application form (available at district website) and give it to their counselor ASAP. Personal interviews will be done when completed application is received... strong applications/students will be accepted right away, while others might need to be confirmed in the Spring** (marks, attendances, courses... will need to be further reflected on)

Automotive Service Technician (AST) @ Centennial

Semester 1		Semester 2	
P1	Home School: English 12	P1	Four “Automotive Service Technician” courses
P2	Home school: Automotive 12 or Elective	P2	
P3	Home school: Academic Core or Elective	P3	
P4	Home school: Academic Core or Elective	P4
