

SD43 Capital Projects Update – June 2016

Name	Stage	Update/Milestone
École Banting Middle	Building Permit	The construction documents have been submitted to the City for building permit approval. The demolition permit portion is nearly complete and demolition of the west side of the building will likely begin during the summer 2016.
Blakeburn Elementary	Construction	Excavation has been completed. The foundation is now going in. Over the next four months, you will see the space transform into a four classroom detached addition.
Centennial Secondary	Construction	The contractors are working on interior finishes including flooring, millwork (cupboards), light fixtures, and final painting. Exterior finishes are proceeding. Concrete sidewalks and final grading for the parking lot are underway.
Minnehada Middle	Design	This project is being designed in anticipation of Ministry funding and approval. A preliminary floor plan has been drafted and the architects are now working with the District Design Team on learning space inclusions. An NLC Consultation and Open House were completed in April.
École Moody Middle School of the Arts	Construction	The foundation is done. Concrete walls are almost all completed. The suspended floor slabs are next. For more updates, please see the school website .
3456 Princeton Avenue Elementary	Tender	The working drawings (blueprints) for the school have been completed and the building permit has been received. The project is currently out to tender to be priced by contractors. We anticipate shovels in the ground sometime in the summer.
École Glen Elementary	Design	A four classroom attached addition is currently being planned.

New Centennial Secondary building - June 2016

École Moody Middle wall construction - May 2016
