Topics Include:

- Cultivating and preserving powerful parent-child connections
- Addressing parenting challenges without sabotaging the relationship
- Disciplining in ways that don't divide or backfire
- Keeping from being replaced by competing attachments
- Assisting children who seek to dominate rather than depend

This parenting course delivers the best that developmental science has to offer to those who are our children's best bet - parents and those who support them. The effect of the material is to restore parents to their natural intuition as well as to their rightful place in their children's lives. The principles and dynamics apply to children of any age.

Dr. Neufeld's approach has the power to change, if not save, the lives of our children.... - National Post

Bridgett Miller is an educator with experience and academic grounding in education and psychology. She has specialized in working with preschool and kindergarten children and is particularly interested in working with families with young and elementary age children. Bridgett is a mother of two and has found the work of Dr Neufeld to be pivotal in understanding her own children and in helping to grow them up.

This video-course has been developed by internationally renowned developmental psychologist Dr. Gordon Neufeld, a best-selling and award-winning author. His revolutionary yet scientific approach turns parenting right-side up, restoring natural intuition to parenting and putting parents back in the driver's seat. His book, *Hold On To Your Kids* is causing an international stir and is now available in eight languages. This video-course takes the best that science has to offer and renders

it readily accessible to parents of children of all ages. Dr. Neufeld's approach has won powerful endorsements from such luminaries as Dr. Daniel Segal, Dr. Mary Pipher, Raffi, Dr. Peter Levine and Robert Bly.
