Math Workshop Evenings

Dear Seaview Families,

As some of you may know, I am in the process of completing a Masters of Educational Practice through Simon Fraser University. As a part of this program, I am working on an inquiry project to look at how I can better facilitate and communicate with parents about their child's math learning.

I strongly believe that teachers and parents should actively work together to ensure student success. With the recent changes to the math curriculum and how we teach math, I think there is a real need for open dialogue between parents, students, and teachers around mathematics education.

An important part of my inquiry is 2 parent evening workshops and 1 family math night. The dates for the parent evening workshop nights are Thursday October 13th 6:45-8:15, and Thursday November 3rd 6:45-8:15. The date for the family math night is Thursday November 24th 6:30-8:00. These evening events are open to all families at Seaview and babysitting will be provided. However, due to the nature of my inquiry a commitment to attend at least 2 of the 3 evenings is required. Please email me at krussell@sd43.bc.ca if you have any questions or concerns, at any point in the inquiry.
