1	box facial tissue at the start of school (<i>may need 2nd box in January</i>)

*Optional Items:

*Student Laptops/Netbooks

Students at Summit Middle have access to the district-wide network through wireless access at the school. Personal laptops and netbooks can be registered at the school and students use district usernames and passwords to connect to the Wi-Fi. If you are interested in having your child use this resource, please discuss with your child the appropriate level of care and responsibility you expect them to maintain with personal equipment brought to school.

If you are considering purchasing a new computer over the summer, Netbooks (small portable laptops) are light and compact and very well suited for email and Internet research as well as for word processing. With prices starting at less than \$300, they can be an effective tool for student learning.

*Gym Strip

School shirts and shorts will be available to purchase for the 2011-12 school year. The shorts and shirts can be used for gym classes, but can also be used for team play as we offer a wide variety of sports at Summit. Many times students wear school jerseys, but we do not provide shorts. Prices and order forms will be sent home during the first week of school.
