

Eagle Mountain Middle PAC 2014-15

Amidst construction, the dedicated and amazing staff at Eagle Mountain Middle have our youth safe and actively engaged in learning. Now we have the unique opportunity to participate and develop a school culture with the staff and students for year one and the next fifty to come.

We trust you took the opportunity to meet the teachers and tour the school at the Open House in October. It is truly remarkable and a long awaited, now 100% complete building. However, basic supplies are not supported in funding to fully stock a new school of the 21st century; and this is where our kids, teachers and school community need help.

In cooperation with school administration and teachers, the newly formed Eagle Mountain Middle PAC is developing philosophies and plans for the best way for us to help create a lasting legacy as a school, not only with education in the forefront but developing environmental connections and giving back to the community who built us.

It is not the intent of the PAC to inundate families with fundraising. Yet, the truth is that Eagle Mountain Middle is starting without any financial resources. So, instead of a multitude of small school fundraising activities, we are selectively planning to raise money through relatively few events. Our goal is to involve students, teachers and the community while having fun to establish a school culture worthy of its new academic home. Potential events include two Scholastic Book Fairs, a Christmas Carnival planned with and for the students, a high tech raffle for the students and an evening event for parents.

For those of you who cannot regularly participate in fundraising activities we are offering an Alternate Fundraising Campaign that we hope encourages you to contribute. This alternate allows you to donate funds on a one time basis and guarantees that 100% of your donation is directed to the school. Please refer to page two for an explanation of how your financial support will benefit Eagle Mountain Middle.

In addition, families can request a tax receipt for donations over the amount of \$25. Should you choose to participate, please send in the completed return page with a cheque, at your earliest convenience, to the office or your youth's teacher. Make cheques payable to Eagle Mountain Middle. All donations will be graciously accepted and confidential.

We would like to take this opportunity to thank you in advance for supporting the students and staff at Eagle Mountain Middle. Let's make this a fantastic year and give our kids the best possible learning environment by staying involved and working together.

Yours truly,

Eagle Mountain Middle PAC
