If you are a **close contact** of someone who has COVID-19 and have any of the symptoms listed above.

- Get tested and stay home.
  - You will know this is the case, as you would have been contacted by Public Health. For more information on close contacts, go to <a href="http://www.bccdc.ca/covid19closecontacts">http://www.bccdc.ca/covid19closecontacts</a>.
- If you are unsure, please contact 8-1-1.

## International Travel

Have you returned from travel outside Canada in the last 14 days?

• All students and staff who have travelled outside of Canada are required to <u>self-quarantine</u> for 14 days after arrival under both provincial and federal orders.

If your child develops severe symptoms, such as difficulty breathing (eg. struggling to breathe or speaking in single words) or chest pain, call 9-1-1 or go to the nearest Emergency Department.
