Parents are welcome to provide the school with important information that may assist in the placement of their child. Information such as instructional methods that will best support your child, possible personality conflicts or significant educational concerns are helpful. **Please do not make specific teacher or friend requests but let us know the type of learning environment that will best meet your child's needs. Parental input will be considered but it is not a guarantee for class placement.**

If you have information that you would like us to consider, [please complete the parent form here](#) before **May 17, 2024**.
