

**Centennial School
Parents Advisory Council
Tax Deductible Donations**

Dear Parents and Guardians,

PAC's all over the District raise funds for such things as learning materials focused on school goals, sports equipment, music and theatre items, library materials, emergency preparedness supplies, and technology equipment. These items are all made available to the school, for use by our students, as a result of PAC fundraising initiatives and gaming funds.

We would like to offer parents the option of making a "Tax Deductible Donation" to Centennial School to help provide funds towards these and other "extras" for all students at Centennial. Instead of holding several fundraisers where the school receives only a small portion of the funds raised, with much time and effort required by volunteers, **this option provides 100% of your donation to the school.**

You may choose to donate any amount; however, we are recommending \$30 per child or \$50 per family. Business donations are also welcome. However, **only donations of \$25.00 or more will receive an income tax receipt** from the school district.

Yes I would like to financially contribute to Centennial School.
