

## **October 2015 Interim Reports**

Due to the temporary limited capacity of the MyEdBC information system we will be implementing an alternative interim report card process for October 2015. This new process will require the students to facilitate the document completion on the interim day, Thursday October 15. Students will be given their interim document in a morning wings class. Students will carry the interim document with them during the day and provide the document to each of their classroom teachers. During the designated classes the teachers will complete the individual interims for their students and then return the document to the students. At the end of the day students will have a wings class to allow for the collation of the interim documents for our student service team. Students will take the original copy of the interim home with them to share with their family. The information contained on the interim for each class will include an assessment of learning and work habit.

The options for learning expectations are:

EE	Exceeds Expectations
FM	Full Meets
MM	Minimally Meets
NM	Not Meeting
IP	In Progress

The options for work habit are:

G	Good
S	Satisfactory
N	Needs Improvement

This interim report card will only include semester courses currently running in semester one only. Linear courses will not be reported on this October interim.

## **Parent / Teacher Interviews**

We will be hosting our parent teacher interviews on Wednesday October 28, 4:00pm – 7:00pm. This year we will be using an online system for parents to book their appointments with teachers. We anticipate the online system will be available for parents to access by Wednesday October 21. The online system will be accessed through our website ([www.gleneagle.org](http://www.gleneagle.org)) and parents will be required to create an account with the online interview program. The one email service provider that is not completely compatible with our interview booking system is Shaw (@shaw.ca). If you experience difficulty creating an account with our P/T system using a Shaw email address we ask that you use an alternate email address to create your P/T interview account ( Gmail, Hotmail etc.)

Thank you for your continued support.
