DIGITAL LITERACY AND 1-to-1 PROGRAM AT GLENEAGLE

We are a 1-to-1 digital learning school (one laptop per student). We sent out the information below last spring but thought we would attach for your information.

Students are to bring their laptop to school every day fully charged.

The requirements to consider when choosing a device are listed below:

Minimum Requirements for Devices:

1. Minimum 10" Screen
2. Minimum 8-hour battery life
3. Must have a physical keyboard
4. Must have Wi-Fi access
5. Must have current operating system (Windows 10 or MacOS 10.12+)

Recommendations:

- Camera/Webcam for stills and video
- Minimum 16Gb of internal storage
- Protective case
- Chromebooks that can run Office 365 for Android applications from the Google Play store
- Offline functionality

Considerations:

- Touchscreen with stylus (for students who like to write on the computer)
- Lightweight (students are expected to bring their device to/from school daily)
- 13in. or smaller (15 inch or gaming-oriented laptops are heavy and don't easily fit in most backpacks)

Please note that students at Gleneagle have faced numerous issues with the network and Office 365 suite from iPads and older Chromebooks prior to 2016 (Celeron or MediaTek processors). The Digital Literacy 10 team at Gleneagle does not recommend using or purchasing these devices for the 1-to-1 program.

Families unable to afford a device should contact their vice-principal for assistance in obtaining a school-issued device:
