

FILM AND TV 11

Media Arts/Film and TV 11 is dedicated solely to the production of digital films. Filmmaking is not a “stand alone” craft . . . it requires the merging of multiple skills. As such, you will learn how to write scripts, create storyboards, shoot and edit both video & audio, add still imagery and title sequences, create DVDs for showing off your work . . . in short, pretty much everything that is required to make a digital film!

What you need :

-  headphones.
-  media -tapes or media cards- depending on the camera you use.
-  mass storage device.
-  small binder
-  portfolio style (clear cover) duo-tangs (2)

KEYS TO SUCCESS :

Quality is PARAMOUNT in this course, so get good actors, light scenes well, frame shots carefully, take extra care collecting your audio, and, above all else, PLAN FOR PROBLEM RESOLUTION!
