## OFFICE ANNOUNCEMENT

Juan G., please come to the office.

## HOLIDAY SHUTDOWN

Spring break is coming soon and before everyone leaves for the holidays, we are asking all staff and students to do their part by helping shut the school down.

Did you know that when electronics remain plugged in, they draw roughly 5% of the energy used while in operation? With all the equipment we have in our schools, that can really add up.

This Friday, before everyone takes off for the holidays, we'll be asking you to turn off and unplug electronics in your classrooms and offices. To help you know what can be unplugged, we will be emailing a shutdown checklist to all staff.

Thanks, everyone!

## SPIRIT WEEK

Hey Talons, Happy St. Patrick's Day! It's great to see everyone in their green gear today! Tomorrow is Formal Day, so dress up and look your finest to spread some school spirit. Remember, everyone who participated will be entered into a draw to win a \$40 or \$20 mall gift card and a special Starbucks gift! The person in the grade with the most participation will win a bigger prize.

## JR. AND SR. GIRLS SOCCER

Do your bicycle kicks need work? How about your diving headers? When was the last time you beat your juggling record? Do you dream at night of scoring that perfect full volley in the top corner of the net? Well, if you wish for any of those things then join the Jr. and Sr. Girls Soccer Club. After spring break, we will be holding practice sessions to work on the technique side of your game.

These practices will be designed for all junior and senior girls to have fun practicing their skills so that next season they can own the pitch.

If you are interested, please attend our first meeting to sign up TODAY in room 220 with Mr. Karmali and Mr. Celenza. If you cannot attend the meeting, then send Mr. Celenza an email stating you would like to join. See you Soon!

## DRIP FOR DONATION

From March 8th to 19th, Gleneagle Shelter Society will be running a clothes drive. All proceeds will go to Covenant House, an organization dedicated to improving the lives of homeless youth. Youth aged 16-24 make up 20% of the homeless population in Canada, and that needs to change! So, this Spring clean out your closet and contribute to a good cause!

## POST SECONDARY & CAREER RESOURCES

### LEARNING OPPORTUNITIES

#### TRIUMF's ATLAS Masterclass

This year ATLAS Masterclass has moved online as a virtual workshop to help students unravel the **mysteries of particle physics**. Students from across North America will learn about research methods and topics, analyze real experimental data, and share results with other sites over the course of a half-day video conference webinar.

Intended for grade 11 and 12 students, ATLAS Masterclass will take place on **Saturday, April 24<sup>th</sup> from 9am to 2pm** Pacific Time. During this half-day online event, students will have the opportunity to:

- **Learn** about research topics and methods that are fundamental to particle physics
- **Analyze** measurements on real data from the ATLAS particle physics experiment at CERN
- **Network** with other high school students and researchers to discuss results

Space is limited to the first 30 students. Register: <https://atlasmc2021.eventbrite.ca>

TRIUMF has partnered with SFU, UBC and UVIC to bring the [Particle Physics Masterclass](#) experience to high school students in BC. The events will be hosted by the local scientists involved in the ATLAS Collaboration at CERN.

## Stay Golden, Gleneagle...
