Dear Parents,

With only a few weeks left of the school year, I wish to thank you all for another wonderful year! We have had great success again this year with our parent supported Publishing House as it has provided every student with the opportunity to publish their own beautiful book with the support of our incredible parent group. Thank you to those parents who have dedicated so much of their time, effort and expertise in helping the students with their learning. It is much appreciated! We look forward to continuing with our Publishing House next year and encourage any parents who wish to help out with this to contact myself or Karen Kelt, our PAC Chair.

The next few weeks of school are going to be busy with field trips, assemblies and so much planning for next year! I look forward to the many exciting activities (like the PNE field trip with the grade fives!) and wish all of our grade five students much success as they move on to Middle School.

June 27th is the last day for students and the beginning of their summer break. It is also the last day for a number of exceptional staff members who will be moving on. We will sincerely miss the immense contributions, dedication and support of Miss Cooper, Ms. Ells, Ms. Haselhan, Ms. Wickham, Ms. Dittrick and Ms. Veer. We would like to say thanks for all that you have each done for the students at Hazel Trembath School. We will miss you all. Further staffing updates will be announced in the fall.

Have a great summer!!!

Principal

Library Books:

All books should be back in the Library by now. Please take a good look around your house to see if you have any that belong to the school, either Library books for Home Reading books. We love sharing them, but we like to see them returned to us by the end of the year. Thanks for your help.

First Day of School – Tues., Sept. 3rd, 2013

Please note that students will attend for 35 minutes on Tuesday, September 3rd, from 8:40 a.m. – 9:15 a.m.

Moving/Kindergarten Registration

Are you planning to move over the summer? If so, this information would be helpful to us in our

planning for the new school year. Our staffing is based on the number of children registered for the 2013-2014 school year. Please inform our office, as well as the school in your new neighbourhood, as soon as possible. As well, it is critical for our September staffing that we register all students who plan to attend Hazel Trembath in September 2013.

If you know of any families in the neighbourhood who haven't registered their children yet, please encourage them to register their children between August 26th – 30th. This is more helpful than simply arriving on the first day of school.

Lost and Found

We have a lot of items in our lost and found box. Please try to stop by the school to have a look or encourage your child to look for any items that they may be missing. Anything remaining at the end of the year will be donated to the SHARE Society.

Canucks Autism Fundraising:

provide \$341.15 towards this important cause.

Thank you all very much for your support of the **CAN** fundraising project. With your help, we were able to

PLANNING FOR 2013- 2014

We are anticipating an enrolment of approximately 155 students for September 2013. Student classroom placement has been done tentatively in early June and will be finalized after the first week of school in September.

To accommodate any flow of students over the summer and in the first week of September we will be using this time during the first week back to establish some school wide goals and expectations and base our first week around a school-wide theme.

Class Building at Hazel Trembath

We are in the process of organizing our school for next year based on our projected enrollment and I would like to take the opportunity to outline this process for you. In September, we will review our actual numbers of students and reorganize if necessary. The configuration of our organization will be one that provides an optimum balance for students. Balance will be achieved this year by having a combination of blended and straight classes.

Within our proposed organization, the process of placing students into classrooms involves a great deal of thought, care and consideration. First, the Student Services team creates a placement card for each student that indicates any special needs or requirements a student may have. Teachers then articulate and discuss each student in their current class with the Student Services teachers and add any additional information to the card that needs to be considered in their placement. Teachers, then work together to place each student in a learning environment that we feel is best for them. Our objective is to create a classroom composition which is balanced and meets the learning needs of all students.
