Canada Summer Jobs opportunities now available for young Canadians in Port Moody-Coquitlam, Anmore & Belcarra

1116 Austin Ave. Coquitlam, British Columbia Employment and Social Development Canada

The COVID-19 pandemic has had a tremendous impact on all Canadians, but especially on young Canadians. That is why the Government of Canada continues to make historic investments to ensure that youth have the supports and opportunities they need to build long and successful careers.

Today, MP Shin, the Member of Parliament for Port Moody-Coquitlam, Anmore & Belcarra, on behalf of the Minister of Employment, Workforce Development and Disability Inclusion, Carla Qualtrough, announced that tens of thousands of Canada Summer Jobs opportunities are now available at jobbank.gc.ca/youth.

This means that more than 400 job opportunities are available for youth in Port Moody-Coquitlam, Anmore & Belcarra. Good quality jobs like martial arts instructor, or landscape labourer, or camp counsellor, or video game designer, and more are available for youth in the riding.

In response to the ongoing pandemic, the Government is giving employers the flexibilities to hire youth to work on a full-time or part-time basis, as well as beyond the summer months, with some placements extending to February 2022.

This year's record-breaking number of job opportunities will help young Canadians discover different careers, gain meaningful experiences, and save up for school.

Quotes

"This year's Canada Summer Jobs program goes above and beyond to help support young Canadians through this pandemic. With a record-setting 150,000 job opportunities, more young Canadians across the country will be able to find a job and gain meaningful experience that they'll carry with them for the rest of their lives. There is only one way to describe the investments we have made and continue to make in young Canadians, and that is: ground-breaking. Our plan for a strong economic recovery includes youth and recognizes their important role in our future. We will always be there to support the next generation."

– - Minister of Employment, Workforce Development and Disability Inclusion, Carla Qualtrough

"This past year, young people all over Canada have been navigating a very challenging path due to the COVID-19 crisis, including youth in BC. Right now, many young people in BC are looking for safe and secure job opportunities. With this record-setting number of job opportunities, the Canada Summer Jobs program will be there to help youth earn money, grow professionally and move forward in their lives. I strongly encourage young people in BC who are looking for work to go to Job Bank and check out the Canada Summer Jobs opportunities available for them in our community."

– Nelly Shin, Member of Parliament for Port Moody-Coquitlam, Anmore & Belcarra

YMCA Summer Work Student Exchange (SWSE) is a government-funded, national program offers opportunities for youth (aged 16 and 17) to improve their second official language skills, explore another part of Canada, and gain valuable work experience through a 4-week exchange to Québec during the summer.

- When taking part in the SWSE program, students live with a host family in Québec and are paid the provincial minimum wage to work full-time at a non-profit organization or public sector job such as a summer camp, childcare centre, community museum, etc. During weekends, students participate in a variety of group activities that allow them to get to know the culture, arts, history, and recreation opportunities of their new community. SWSE is funded by the Department of Canadian Heritage and is offered at minimal cost (\$125) to participants; this includes transportation to and from Québec, as well as all program activities. This is an excellent and low-cost opportunity for youth to enhance their French skills through immersion. Further information can be found on our website: <https://swse.ymcagta.org/>
- To ensure a safe exchange for youth and host families, the SWSE team has been continually updating program protocols to adhere to local and national health authority recommendations and guidelines related to COVID-19. Keeping in mind case numbers, vaccination rollouts, and broader risks, we will continue to modify the program as necessary to provide a safe, fun, and impactful experience for all.
