FEBRUARY 2014

February is going to be a busy month! Please have a close look at events listed on the next page so that you don't miss anything important!

On Monday February 3 at 10:45 we will have a short assembly to kick off our Jump Rope for Heart campaign. Meadowbrook students have been raising money for the Heart and Stroke Foundation for many years – and we have some of the best jump rope skippers in the district! Your child will bring home an envelope to record pledges and donations – please ensure that the envelope is returned to the school by February 14, even if your child is not participating in the fund raising event.

The Random Acts of Kindness week happens this month along with Anti Bullying Day. We are also having our Compassion Assembly (another Charter word) on February 14 at 10:45 ... lots of events to help us remember to treat each other kindly!

PARKING AND TRAFFIC - SAFETY CONCERNS

There have been an increasing number of cars entering the two staff parking lots, causing significant concerns for the safety of our students. Last week, there was a hit and run with a staff member's parked car – aside from the lack of accountability, it is frightening to consider that a driver might be unaware of what is behind him or her – and that could be a child. This week, someone drove through the chain, causing a post to become dislodged from its foundation and recently there have been several reports of cars not stopping at the crosswalk, or going around a car that has stopped to let students cross the street.

For your child's safety, we are going to be chaining the two staff parking lots at the start and the end of the day. If you have a parking pass issued for health reasons, please have it displayed clearly.

Pickup/drop off area

Directly in front of the school between the short flight of stairs to the street and the gravel parking lot, there is a small drop off/pick up area. You may stop your car for up to five minutes to either pick up or drop off your child, but if you leave your car then you are in violation and could be ticketed. The bylaw officer will continue to drop in to monitor our situation.

Please be aware that if you are having your child enter your vehicle when it is moving (no matter how slowly) this is a moving violation and will be referred to the RCMP.

Entering/Leaving the School

Because our school has four hall doors and no visibility at those points by friendly neighbours, we keep all doors locked except for the front door. All visitors to our school, including parents, should enter through the front door only and check in at the office to sign in and receive a visitor's badge. This is a safety measure, designed to protect everyone in the school. When doors are accessed and propped open, anyone passing through our grounds can enter without staff noticing. (When bear season returns, unwanted 'visitors' becomes an even greater issue!) If you see a door propped open, please close it to ensure that our school is welcoming everyone through the front door. At the start and end of the day, students should not be entering or leaving by any door other than the south door by the undercover area, unless accompanied by a parent. Both front doors exit into parking lots and students should not be unsupervised in either of these areas.

Your Child and Movies, Media and Video Games

Last week the elementary principals around the district attended a two day training session put on through the Ministry of Education. The focus was on providing a deeper understanding of effective methods for assessing threats and identifying appropriate interventions to prevent serious violence. "When students feel good, they are more likely to learn. If they feel good about themselves, they are more likely to engage with others...When schools focus on social emotional learning and infuse it into the curriculum from kindergarten right up to graduation, academic achievement increase, incidents of bullying decrease, violence is reduced , attendance increases ...". More confirmation of the importance of our work at Meadowbrook around developing self-regulation through social and emotional learning!

One of the topics that I found disturbing was the impact of media, movies and video games on our children. "The integration of violence into our value system has been heightened by technology. We have all become immune to certain levels of violence and this is a cause for concern. Technology has proven to have a great impact on threat-making behaviours and the potential for violence. It can affect socialization, as constant viewing of violence in all areas of the media can create desensitization. Violent video game exposure has been linked to reduced P300 amplitudes in the brain which is associated with the desensitization to violence and increases in aggressive behaviour. "

Violent video games teach youth that violence is an acceptable conflict solving strategy and an appropriate way to achieve one's goals. A 2009 study found that youth who play violent video games have lower belief in the use of nonviolent strategies and are less forgiving than player of nonviolent video games. I was shocked to read the statistics that Baby TV occupies 2.2 hours per day for 0 – 2 year olds and 4.5 hours for 3 – 5 year olds.

Children and adolescents average 8 hours a day using a combination of related technologies including TV, video games, movies internet cellphones, iPods, iPads and other devices.

So... rather than reward your child with 'screen time', maybe a walk outside, a family bike ride, a trip to the park or a family board game could be a healthier alternative. "Children and youth need contact and experience with nature for healthy development. It is an important strategy in the prevention of mental health." (Louv)

Parent-teacher-student conferences

The conference will be held for all Meadowbrook students on the afternoon of February 20th. Students will be dismissed at 2:00 p.m.

District Professional Development Day is February 21st. Schools will be closed on February 21st to allow teachers to attend a professional development inservice.

Scholastic Book Fair

With the help of Ms. Stowell, the scholastic book fair will be held on February 3rd to the 5th. It will be held in room 3 and open from 8:30 – 9:00, recess, lunch and after school from 3:00 – 3:30. Money raised will go to support our library.

After school treats: The next after school treat day in the undercover area will be Wednesday February 12 at 3:00. Treats will be valentine day themed treats for \$1.00. We are looking for bakers (or buyersJ) to donate a valentine's themed treat. If you can help, please contact Michelle at 604 805 4758 or Moni at 604 340 2312.

The PAC is looking for volunteer bakers for later after school treat days – if you are willing to provide goodies for one or more of these events, please contact Michelle or Moni at the numbers above. Funds raised go to PAC programs to support your children.
