## 3D PRINTING

### PROVIDED BY ROBOKIDS

See a 3D printer up close and personal, and have it print for you!

Mondays we are teaching students how to design basic shapes with 3D modelling software: from the square and triangle, all the way up to spirals and spheres. Once you've mastered your shapes, the sky's the limit to what you can bring into this world. Over 7 weeks, learn how to model:

- A house
- A lego brick
- An igloo
- And a whole lot more wacky shapes

Students can take home a printed model of their 3D design project AND the video of how it was printed! Always come to class prepared to: *think creatively, measure and calculate distances Learn about angles.*
