Nov. 30th – Theatrix 11-12pm

Dec. 4-5th Hour of Code

Dec. 11th- Christmas Concert

Hello Mountain View Families,

Our gym is getting painted and we can't wait to get in there again. We have been going outside to get our exercise in. It has been inconvenient, but we think it will be worth it.

Library went through the weeding process to remove books that were damaged, out of date and contain vocabulary words that are no longer used. We are now ready to re-stock so please send book ideas our

way. We also successfully won a bid to re-design our Library with some funds. Stay tuned. One of our design ideas is to bring nature inside by adding plants and then to have low lighting and comfortable seating. Creating a calm space for the students to land helps them re-charge their batteries.

Math Zone

One of the ways you can have fun with numbers with your kids is to ask them the following questions as you encounter objects in patterns. Try it with these images. Talking about

Math helps students learn important vocabulary. How many items do you see? How do you see them? Eg. I see two groups of six if I draw a line right through the middle.

Amendment to the 2019/20 School Calendar

The school district would like to inform students, parents and SD43 staff that the 2019/20 school calendar has changed the date of the October Professional Development Day. The date of October 18th, 2019 has been moved to October 25th, 2019 to align with Provincial Specialist Association conferences. For more information on SD43 Calendars, please visit the school district website at www.SD43.bc.ca.

We had a very respectful Remembrance Day Ceremony. The students held their silence for the full two minutes. I was so impressed. Our Kindergarten classes shared two songs with us and Mrs. Hill's class provided the MC's and planned the ceremony. Thank you. These are such important lessons for the students.

We had a PAC meeting last night and I explained the report card template as it matches the new curriculum. Our goal as a staff is to share our version of your child as a person and as a learner. We encourage you to provide us with your feedback.
