

## Mountain View Elementary School School District No. 43 (Coquitlam)

Report Cards will be sent home on Friday. It is a new template this year as the district improved upon last years. I hope you will enjoy the increased personalization. I would like to highlight four sections in particular to help you make sense of the sometimes hard to make sense of templates.

**Student Perspective:** *Students are invited to share their perspective on their learning thus far.*

**Social and Emotional Development:** *In this section, teachers write anecdotal comments that describe individuals, their personal attributes, relationships with others, and how they contribute to the classroom community.*

**Strengths and Stretches:** *In this section, teachers write anecdotal comments that describe students as learners encompassing all subject areas at once.*

**Collaborative Goals & Next Steps:** *The purpose of this section is to align areas of growth/stretches with one or two goals that a student can focus on to develop further.*

If you have any questions about your child's report, please contact their teacher.

Foodbank- The local foodbank is run out of Hillside Church on Wednesday mornings between 11-1:30pm. They will be closed over the holiday break and back in business the first week of January.

Please join us for Breakfast with Santa if you can! Looking forward to the pancakes on behalf of our amazing Parent Advisory Council!

**We wish you and your family a wonderful winter break!**
