## Principal's Message

This time of year is full of excitement, new growth and sunshine. So many things are happening at school and in our community....it is a great place to be! Just today we had a visit from Maureen Jennings, a representative from Project Kenya Sister Schools (PKSS), and she shared stories and pictures of some of the animals on the Ol Pejeta Conservancy in Kenya and some of the students at our sister school.

If I think back at the last month at Mundy Road, highlights include the Spring Dance, Track At-tack, the beginning of Bike Club and Como Lake Relays....just to name a few. We are also in the process of planning year end events including Welcome To Kindergarten, Grade 5 Far-well, year end fieldtrips and we have a real live cow coming to the school on June 10th!

Take time to enjoy all that May and June have to offer!

Rob Wright

Principal

# Class Placement for September

Each year, teachers, school based team members and administration meet to create classes that will ensure the best possible learning environment for every child in the school. There are some foundational beliefs and understandings with which this process begins.

Firstly, please be assured that at Mundy, teachers work collaboratively to provide an appropriate learning situation for every child. Secondly, as with all reflective professionals, the teachers at Mundy Road make changes in their approaches and strategies of teaching to accommodate the students they serve. Thirdly, a team approach is applied to working with children. Your child works with a number of teachers who support each other and work together to meet the needs of your child.

The following are some of the factors considered during the class building process:

- Classroom teacher and school based team recommendations
- The overall make up of the class being created
- Learning styles
- Intellectual, emotional, social, and physical development
- Behavioural issues
- Need for student services such as learning assistance
- Male / female balance
- Pre-existing conflicts between children
- Pre-existing supportive relationships between children

Although each factor is important, each is weighted differently depending upon the individual circumstances under discussion. Decisions will be made with the child in mind, and the more global view of the class composition and school organization. Teachers will review all available information regarding a child and his or her class placement. The following are NOT factors considered during the class building process:

- Child's previous placement in a combined or single grade classroom
- Parent preference for a specific teacher

If you would like to share some information about your child from the home perspective, please note the following procedure:

***Please do not state which teacher you do or do not wish your child to be placed with next year. Teacher assignments change from year to year, and the teacher you request may not end up teaching your child's grade level. We do our best to place your child in an appropriate setting given the information outlined above.***

***Any communication regarding class placement for the next school year should be in put in writing and submitted to the principal, Rob Wright before the end of the school day on Friday, June 17<sup>th</sup>. All information shared will be considered during the placement process.***

## Student Enrolment

Determining accurate enrolment for the 2014-2015 school year is essential because enrolment impacts the school budget and our staffing process. Parent, please help us by advising the school office if you are moving out of the Mundy Road catchment or by advising new neighbours within the Mundy Road area to register at our school as soon as possible. Your help means that we will have accurate information as we work through the budget and staffing process. Thank you

# DRESSING FOR SCHOOL

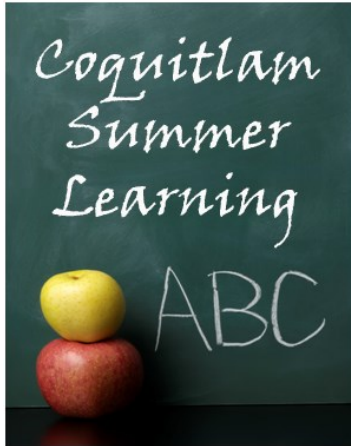

## DRESSING FOR SCHOOL

Now that the weather has begun to warm up, we are making new choices about the clothing being worn to school. Instead of dressing to keep warm, we are dressing to keep cool.

**\*\*\*But never forget....**we do live in the lower mainland and there will be rainy days and **WEST COAST RECESS** applies. We believe that children need to get outside into the fresh air at recess. They need an opportunity to run and play with their friends so that when they return to the classroom, they are ready to focus on their learning. As well, with our daily physical activity requirements, this is a perfect opportunity to get moving...but don't forget to have the proper footwear to run for activities like the KM Club and PE class. On the west coast, we could enjoy many more days of the beautiful weather we have been enjoying or we could experience weeks of rain. Most days, we will be sending children outside to play at recess rain or shine. During West Coast Recess, children will not have the option of remaining inside. We ask parents to be sure that children are dressed for the weather.

Remember to lather your children with  
sunscreen, sunglasses and send hats!!
