Dear École Nestor Parents and Guardians:

This morning we had a fire alarm ring and we were required to evacuate. The students and teachers did a great job of confirming that all students were in the rally point very quickly. The Coquitlam Fire Department attended and gave us the “all-clear” to return to the building. As we have completed our Safety Drill practices, the students and staff did an excellent job of staying, safe, although we were a little wet!

Kind Regards,

Mme Darlene Proulx
Principal
