March 6, 2017

Dear Parents and Guardians of Divisions 1,2,3,4,12 & 13;

Due to the adverse weather conditions this week, we have determined that our school field would not be safe for the iBike program. As such, we have cancelled the program for this year and rebooked for October next year. We will refund electronically those families who paid online and will return the money to families who paid in cash before the break.

While it is disappointing to have to cancel an important physical education/safety program, we prefer to be cautious with the safety of our students. The snow was a Spring surprise and we will be building snowmen instead of riding bikes this week!

Kind regards,

Darlene Proulx
Principal
