# JAN 28, 2014 STEPPING UP TO SECONDARY

Starting high school is a big and exciting change. As parents of children with extra support needs, we have questions and concerns about the differences between Middle School and High School. We wonder how our children will cope, what kinds of supports they will receive, and how we can continue to ensure that they receive meaningful educational opportunities that support their future goals.

This information evening is especially for parents whose children with intellectual or developmental disabilities will begin Secondary School in September, 2014.

Our panel of teachers, counselors, principals and student services will provide information and answer your questions about secondary schools in School District 43, the transition process and what parents should be doing now and in the near future to prepare their children and themselves.
