GAME DESIGN

PROVIDED BY UME ACADEMY

Create your own video game! In partnership with UME Academy, students make their own video games with Unity3D, the game engine used to make top games like Pokémon Go. We will have fun learning fundamentals of game design, and bringing unique game ideas to life. Students will customize their creations through art, sound and coding. Learning + Play = Fun! Students will showcase their creations to family and friends at a demo day. All hardware, software, and USB sticks are provided.

Dates: January 15 – March 5
Day of Program: Mondays

Location: Library Lab
Time: 3:15 – 4:45 PM

Number of Sessions: 6
Cost of Program: \$100.00

GUITAR

PROVIDED BY RYAN MAY MUSIC

Come out and learn how to play the guitar! Learning how to play a guitar and get some music into your life will help boost your motivation, confidence, participation, self-expression, cooperation, communication skills, and of course gives you a relaxing skill that you can use throughout your life. It all adds up to happiness, creativity and increased success in school...as well as a passion for making music

*Guitars are supplied.

Dates: January 16 – March 6
Day of Program: Tuesdays

Location: MPR
Time: 3:15 – 4:45 PM

Number of Sessions: 8
Cost of Program: \$65.00

SCIENCE ALIVE

Science AL!VE is a student-run science education program based at Simon Fraser University. In partnership with Community Schools, Science AL!VE is proud to present our fun-filled hands-on science after-school programs for students in Pitt River Middle School! Our after-school programs will introduce students to the amazing world of science, engineering, and technology through hands-on activities and interactive demonstrations led by our energetic, creative and expertly trained staff.

Dates: January 17 – February 28
Day of Program: Wednesdays

Location: MPR
Time: 3:15 – 4:15 pm

Number of Sessions: 7
Cost of Program: \$55.00

Location: Gym

Number of Sessions: 6

Day of Program: Friday

Time: 3:15 – 4:45 PM

Cost of Program: \$25.00

3D PRINTING

PROVIDED BY ROBOKIDS

See a 3D printer up close and personal, and have it print for you!

Mondays we are teaching students how to design basic shapes with 3D modelling software: from the square and triangle, all the way up to spirals and spheres. Once you've mastered your shapes, the sky's the limit to what you can bring into this world. Over 7 weeks, learn how to model:

- A house
- A lego brick
- An igloo
- And a whole lot more wacky shapes

Students can take home a printed model of their 3D design project AND the video of how it was printed! Always come to class prepared to: *think creatively, measure and calculate distances Learn about angles.*

Dates: January 19 – March 9

Location: MPR

Number of Sessions: 6

Day of Program: Fridays

Time: 3:15 – 4:15 PM

Cost of Program: \$120.00

How to Register

Our **Community School After-School Programs Registration** is online and will accept payment using **Visa; MasterCard or Interac/Debit** from most major banks.

You can get instant confirmation of your spots in the programs you choose. You will require an email address in order to get your confirmation # and print out a receipt for your payment.

To access the registration website please **visit the Pitt River Community School Website then click on the “Community Programs” button on the homepage.**

If you do not wish to register online there is still an option to register by filling out the paper registration forms. They are located at the Pitt River Community School main office.

Please return complete forms and payments by cash or cheque made payable to Pitt River Community School.

All registrations are on first come, first serve basis.
