

Is proud to present...

Communicating with Children: Learning the language of the Heart

Featuring Deborah MacNamara, PhD, RCC

Wednesday, April 16th 2014 6:45 – 8:30 p.m.

at Pitt River Middle School

2070 Tyner St, Port Coquitlam

\$5 per couple/\$3 per single

We all want our children to reach their full human potential and being able to communicate one's emotions play a central role in this unfolding. Children are not born with a language of the heart and adults play a key role in helping them get there. Common strategies used in communicating with children will be discussed with one's that foster emotional awareness highlighted. Children's books can be useful in helping them put words to their emotions and Deborah will provide a list of her favourites.

- **FREE Childminding available with advance registration at ssfspe@gmail.com by April 9, 2014**

- Light refreshments provided
