## NEW NEWS

### SCHOOL APP FOR 2019-20 SCHOOL YEAR:

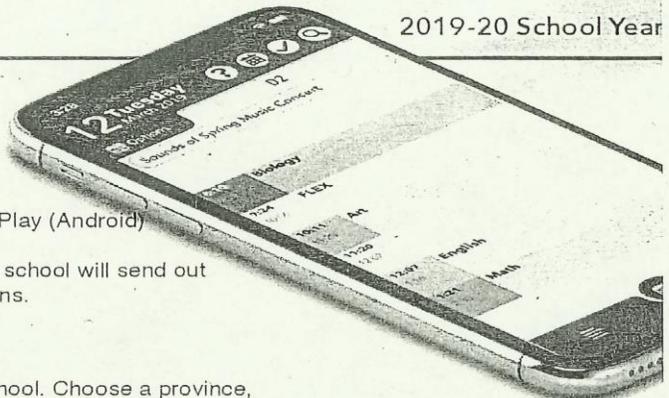

## STAY CONNECTED / STAY INFORMED

### My School Day

#### Quick Introduction

2019-20 School Year

#### 1. Download the app

On your phone or tablet, go to the App Store (iOS) or Google Play (Android) and search for "My School Day". Install it - *it's free!* Make sure to allow it to receive notifications when asked - the school will send out important reminders, information and alerts through notifications.

#### 2. Select Your School

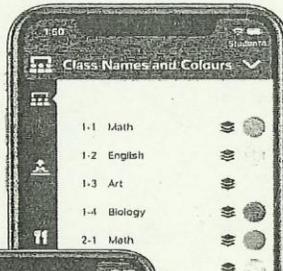

The first time you start the app you will need to select your school. Choose a province, school district, and finally your school from the lists provided, and tap "confirm". *This only needs to be done once.*

#### 3. Enter your classes

Tap on the gear icon in the bottom right corner.

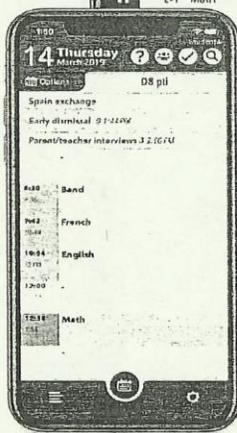

Enter your class names and select colours. You can also enter morning, lunch, and after school activities.

#### 4. See your schedule.

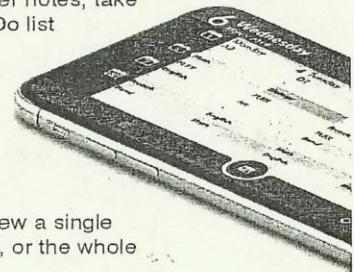

The calendar view shows school events at the top and your classes below.

Swipe left and right to move through the days. Tap the date to go back to today. Tapping on the "Options" button will let you select a specific date to view.

- Tap on a class to enter notes, take photos, and add To-Do list items for that class.

- To see a week or month at a time, turn the phone sideways.

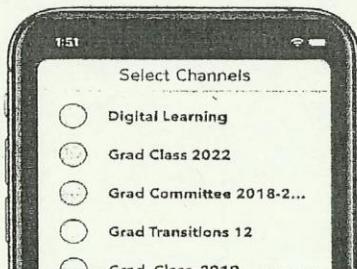

Once there, you can view a single day, 5- or 7-day weeks, or the whole month.

#### 5. Browse the menu.

Tap the menu icon to get access to news, notification history, links, and more.

Tap "Select Channels" to find courses and activities you can subscribe to for notifications, news and calendar events.

#### For Parents too!

Subscribe to the same channels as your student and get all the same notifications as they do.

If you have multiple students, add extra profiles for the same or different schools during setup, or afterwards: Hold on one of the four shortcut buttons at the top right, and select "Student" as the action. From then on, tapping that button will let you add and switch between student profiles.
