

Riverside Digital Tips

Top 5 Tips

- 1) **SECURE** your device and passwords at all times! Lock up your device when you are not using it and never leave it unattended. Set a security passcode.
- 2) **CHARGE** your device before you come to school, and bring your charger to school. Battery packs may be borrowed from the library, but they go fast.
- 3) **SHUTDOWN** your device when you leave the school, turn your device on and log on every morning when you come to school.
- 4) **UPDATE** your device with the most recent updates at home each night.
- 5) **USE** apps and programs that work. Start with some key ones that work for you, start small, and then add more once you are comfortable.
