

Foods & Culinary Arts Enhancement Fee

Welcome to the Foods/Culinary Arts program at Terry Fox. We are excited your son/daughter has enrolled in our class and we anticipate that they will gain valuable theory and practical skills in the kitchen. Your son/daughter will have the opportunity to cook a limited number of times throughout the semester. Students typically take part in 2 cooking labs per week. In past years, students were exposed to cooking labs 3-4 times per week. We believe that it is important for students to participate in hands on experience and implement course theory. This fosters a classroom environment that allows students to expand their skill set. This year we are giving students who wish to develop their cooking skills the opportunity to pay a \$30 enhancement fee, which will allow them to take part in additional lab experiences. The \$30 will pay for various food items that will be used in the cooking labs.

Those who pay the enhancement fee will be working on improving their kitchen skills above and beyond the normal course objectives.

If your son/daughter wishes to pay the enhancement fee, please send a \$30 cheque, (made out to Terry Fox Secondary) or cash to your son/daughter's classroom teacher. Postdated cheques will be accepted. If you have any questions please feel free to contact your son/daughter's classroom teacher at the school at 604-941-5401 or via email (see below).

Sincerely,

Terry Fox Foods Teachers
