July, 2020

Dear Neighbours and Families of École Irvine Elementary School,

We are writing to let you know that the construction contract for the new seismic replacement building of École Irvine Elementary School has been awarded. This work will begin this summer and will involve the construction of the new building followed by deconstruction of the existing building. The new parking and drop-off area will then be constructed where the footprint of the existing building currently resides.

The School District is working closely with the City and the Contractors on ensuring safety, building permit, and bylaw protocols are in place.

Families are encouraged to park away from the school and walk to the school with their child or carpool during drop-off and pick-up times to help minimize the amount of traffic in this area. There will be onsite pathways separate from the construction areas. Updates to drop-off and pick-up logistics for families will occur on an as needed basis.

Sincerely,

School District # 43 (Coquitlam)
604-939-9201
