HEALTH & SAFETY PROTOCOL GUIDELINES

The BC Center for Disease Control, the Ministry of Health and the Ministry of Education provided [guidance](#) for these measures.

Please do not send your child to camp if they demonstrate signs of illness.

- Students should not share their food.
- Students will bring home all food packaging, food scraps, utensils, etc. in the same container.
- All other belongings will go home.

Staff and Student Symptom Monitoring

- The risk of transmission of COVID-19 from an infected individual is highest when the individual displays symptoms.
- Parents/guardians will be contacted to pick up the child if the child is displaying symptoms of illness or if the child is consistently struggling to follow safety protocols.
- Children may be placed in a supervised illness isolation room (as per pandemic safety protocols) if they exhibit signs of illness. Parents will be contacted to pick up the child as soon as possible.
- A thorough cleaning of the space(s) where a symptomatic individual visited will be performed prior to resuming use.

 - Limited access points
 - Upon arrival, all staff, family members and students must wash their hands.
 - Camp groupings will be treated as a cohort, and cohorts will not be mixing with other cohorts.

Handwashing

- Staff will be following the guidelines provided by the Ministry of Health throughout the course of work. This information can be located [here](#).
- Children will regularly [wash their hands](#). See above link for supportive materials that can be used by children and families.
 - Upon arrival and before departure

 - Before and after eating and drinking
 - After using the toilet

- Students will bring home all food packaging, food scraps, utensils, etc. in the same container.
- Students will not share food.
- Physical distancing will be practiced during meal/snack times, however, tactics such as distancing desks in a circle can be utilized to help promote social engagement, or staggering snack/lunch time so you can accommodate smaller groups with more space.
- Children will wash their hands, as well as clean their meal/snack area, before and after eating.

Regular Cleaning

- Custodial staff will use Safe Work Procedures for Cleaning and Disinfection, which includes a two-step cleaning procedure; for soiled areas a thorough cleaning using a neutral cleaner and a secondary cleaning using an approved disinfectant. Procedures include precautions for limiting transmission between spaces and individuals.
