Regardless of your career aspirations...

if you have/get a paying job in a trade  
you can receive credits toward high  
school graduation:

- 120 hrs working = 4 credits (up to 16 credits)
- 900+ hrs worked (by Dec 31 in the school year you turn 19)  
and you qualify for a \$1,000 scholarship... gave out  
30+ scholarships last year
- if you later pursue that trade career,  
those hours count towards certification

# \* Basic University Entrance Requirements

English 11, Math 11 Pre-Calculus or Foundations of Math 11 and/or  
12, Socials 11, an academic Science 11  
and Language 11

English 12 plus “approved” 12-level courses (number and type of  
course varies by institution and program)

- Eastern universities sometimes require  
English 12 and  
4 “approved” courses

***Note: It is the student's responsibility to  
check specific post-secondary program requirements***

It is the student's responsibility to check specific  
post-secondary program requirements

# \*SFU Requirements

In addition to English 12:

**For Arts:** Foundations of Math 11 or Pre-Calculus Math 11 at 60% or better plus 4 more gr. 12 approved academic courses

**For Sciences:** Pre-Calculus Math 11 and 12; Physics 11, Chemistry 11, 3 gr. 12 Science courses

**For Business:** Pre-Calculus Math 11 and 12, plus 3 gr. 12 approved courses (supplementary application)

Details and information for other programs can be found  
on the SFU website

# \*Key Messages from SFU

- \* Grade 11 and 12 course required for admission for some programs at SFU will remain specific, while other programs will have more flexible requirements.
- \* SFU will look at your grades in nearly ALL your academic Gr.11 and Gr.12 courses.
- \* SFU will now take a holistic approach for their admission process.

# \* UBC Requirements

In addition to English 12:

A “Personal Profile” required for all applicants

**For Arts:** Foundations of Math 11 and 12 or Pre-Calc 11;  
plus 3 more approved academic gr 12 courses

**For Sciences:** Pre-Calculus Math 11 and 12; Physics 11;  
Chemistry 11; one gr. 12 Science; 1 more approved  
academic course

**For Business:** Pre-Calculus Math 11 and 12, 2 approved gr. 12  
courses; Video Interview

*Only courses with a final mark as of Feb 1<sup>st</sup> of the grade 12  
year will be considered for admission. Grade 11 marks will  
be used in some cases where a grade 12 mark is not yet  
available.*

# \*Key Messages from UBC

- \* •Pre-requisites and requirements are not changing. You do not have to take different/more courses than currently required.
- \* You should take courses in secondary school that are related to what you want to study at UBC. Doing so will increase your chances of admission.
- \* UBC will look at your grades in nearly ALL your academic Gr.11 and Gr.12 courses.
- \* When we look at your overall grades, we will drop your lowest Gr.11 or Gr.12 course; so it is safe to experiment.
- \* Be aware that having the highest grades is not the only way to get in challenging yourself by taking more courses or more rigorous courses can also be beneficial
