

## How to Access Destiny Collections

Destiny is the program we use to manage our library collections as well as online resources. Please follow the steps below to access all areas of our Virtual Learning Commons.

### Destiny Collections

The instructions below will lead you step by step to access the **Collections** section of Destiny where you will find at this time, resources on how to use Teams and O365, as well as Freshgrade resources if you are new to that.

In addition is a listing of online read-aloud/ebook/audiobook sites, with other resources being added regularly.

1. Start by going to our public web site and clicking on **Learning Commons** under the drop-down menu for **Programs and Services**.

2. Click on the **Library Catalogue** picture. This will open Destiny.

This is built by subject and topic area. Once a topic area is clicked you may need to login using your District login information (as you are at home), as some of the pages are located on our secure Intranet site. Use the same information to log in as you did for Destiny above.

In addition to Learning Resources, you will see a link to our Public Library partners, as well as Music, Student Wellness and Sports activities at the school.
