

SD43 Capital Projects Update – September 2016

Name	Stage	Update/Milestone
École Banting Middle	Demolition and Building Permit	The demolition of the west side of the building began in the summer of 2016 and should be completed by early fall. This area will be the site of the new building. For the new building, the construction documents have been submitted to the City for building permit approval. Construction of the new school is anticipated to begin later this fall.
Blakeburn Elementary	Construction	The building is well under construction. Walls are in place and the exterior is being completed. The interior work will be underway in short order. The addition is projected to open later in the fall.
Centennial Secondary	Construction	The Technical Education portion of the building has opened for classes in September. The finishing work (such as flooring and final painting) in the remainder of the building will be occurring over the coming months.
Minnekhada Middle	Design	This project is being designed in anticipation of Ministry funding and approval. The architects and consultants are now working on the detailed design for the building.
École Moody Middle School of the Arts	Construction	Structural steel for the classroom wing is nearly completed. Roofing is expected to begin soon. For more updates, please see the school website .
Smiling Creek Elementary	Construction	Construction began in the summer. The contractors are in the process of bringing the building up to grade with structural fill and pouring some concrete footings for the building. The school is projected to be open in September, 2018.
École Glen Elementary	Tender	A four classroom attached addition has been designed and the tender has been awarded. Construction is anticipated to begin in short order.

Smiling Creek Elementary - August 2016
