## Community Update on addressing Anmore Green Estates Septic Field Failure

**Coquitlam, BC (September 14, 2022)** – This update is on activities regarding the Anmore Green Estates (AGE) septic field, since our last report of February 11, 2022.

SD43 is very pleased that the sewer connection to alleviate Anmore Green Estates failing septic field has been completed.

We acknowledge the support and thank the City of Port Moody, the Village of Anmore and SD43 staff that worked with Anmore Green Estates to make this happen. While we recognize it took longer than expected the necessity to bring these parties together and work with Provincial Ministries and the GVRD, was an absolute necessity for a successful outcome.

SD43 ensured that the health and safety of our students and staff was never compromised since first learning of the septic field failure sometime ago.

During this time, SD43 staff was able to secure funding for a new playground and, working with parents, construct a new natural play area adjacent to school.

**Mohammed Azim, CPA, CGA**  
Secretary-Treasurer SD43  
Chief Financial Officer
