Hi Alderson Families,

This past Monday we had our November assembly. The students from **Division 8** shared the animal habitats they built in small groups. **Azalea** and **Shea** read what their class had written to explain their learning. The students from **Division 4** shared the marble runs they built using Keva Planks. **Abeer, Andre, Derek, Humzaah, John,** and **Rayan** from Divisions 1 and 2 put on a skit about how they solved a problem during their baseball game.

All of our classes are learning how to navigate social situations through the use of "Social Thinking®" programs. Each of the presentations during our assembly provided an example of working successfully with a group of peers to create and follow a "group plan".

A big thanks to each of the classes that presented!! Such a great celebration of the learning they are doing in class!!
