

May 15th, 2026

Hi again, everyone,

Here we are coming into the May Long Weekend already (with today's showers hopefully not dampening any early season camping plans)!

To start, I want to thank everyone for their diligence and attention to detail and process for our **Emergency Release Drill** yesterday. While we are a smaller school, there are still a lot of moving parts between staff, students, and families to arrange for a drill at this scale, and the speed with which everyone was accounted for, collected, and dismissed speaks to the efficiency of an effective team and community.

It was fitting perhaps that the Anmore community rallied in another way earlier in the week and truly showcased the magic of interconnectivity that makes this place so special. With singer-songwriter **Luke Wallace** in town to share his wisdom as an artist and activist, we were able to share our songs and sing along with Luke's, shoot hoops at the edge of the forest, and create something special and uniquely *Anmore* out of the ether and our shared voices. Watching our students transform local memories, landmarks, and the Anmore essence into a living piece of music reminded us that our shared stories truly are the heartbeat of the school.

As we head into the long weekend, I hope you find some time to slow down, reset, and enjoy the natural soundtrack of the Anmore backyard – whether that takes you to the local trails, the waterside, or further afield.

Thank you again for your collected partnership this week, from the joy of music making to the emergency release. Our continued work to support young people as they make their way in the world and the numerous bits and pieces it requires is a joyful (though occasionally exhausting) enterprise. So please enjoy the extra few days between routines!

At its best, the May Long Weekend creates a brief prologue of summer before the last push to the end of the school year. I hope this one finds you well and that you have a moment to revel in the recognition of all that had been achieved this past week (and year). There is still a bit left to go!

Happy May Long, everyone! We will see you back on Tuesday (maybe even at the District Track Meet),

Bryan Jackson
Principal | Anmore Elementary
