To facilitate physical distancing on Tuesday, timing is very important. **PLEASE BE ON TIME.** Only come 5 minutes before your scheduled times. I would recommend walking or biking as the drive-in turnaround at the front of the school gets very busy. If you are using the turnaround, drop off, please do not double park, meaning, do not let your child out of the car unless you park alongside the curb (do not stop in the middle of the turnaround and let your child out of the car). Try to have your child exit the passenger side of the car so they are not entering out in traffic. Students, please leave the school grounds immediately when dismissed. Parents are permitted to come into the school if they have any questions, but not into the attendance areas with students. Please assess your child on this day, and every day for any COVID symptoms.

Parents and caregivers must assess their child daily for symptoms of common cold, influenza, fever, dry cough or shortness of breath, COVID-19, or other infectious respiratory disease before sending them to school. If a child has any symptoms, they must not go to school. Please keep them at home and let the school know you will be absent. NOTE – all our staff follow the same protocol.
