Principal's Update

- Construction: work in progress and mostly on-time; the gym roof is mostly completed; glass and seals have been fully replaced in the library roof; currently they are working on resealing classrooms with outside doors, students go to a vacant classroom for the day while this work is being completed
- Successful school Halloween festivities: students enjoyed the "glow room" and seeing all their art on the walls; thank you to teachers and staff who put this experience together for the students
- Successful Remembrance Day school assembly
- Volleyball is currently wrapping up and in January the Basketball season will start
- Winter Concert will be held Wednesday December 17th: 2 shows (one right after recess and the other right after lunch), we are going to utilize the school stage for the performance, use KEV for parents to reserve 2 tickets/student for either the first or second show (try to accommodate everyone and more tickets may be made available to families depending on the reservation numbers and circumstances)
- Mural: currently in the early planning stages, looking to have a mural painted in the gym with the intention to instill school pride and sense of community; reached out to 2 artists, potentially start the work during spring break, design to be determined (landscape/nature/animal:bears); potential for PAC to support this with PAC funding
- Black Top Games: when the weather is better seeking to have some new games painted on the school blacktop, some schools may loan us their stencils; potential for PAC to support this with PAC funding
- Drop Off/Pick Up: further monitoring for the drop off area in front of the school and additional messaging to parents about proper driving etiquette during drop-off/pick-up (reduce speed, appropriate use of drop off areas)
