Reading Link

The Terry Fox Public Library visited Cedar Drive on April 1st for our annual Reading Link School Challenge. We congratulate all the Reading Link members for their enthusiasm for reading and a job well done! It was a close race, with only a few points difference between all the teams, but the winning team was The Chapter Champions. They went on to represent Cedar Drive at the Reading Link Library Challenge on April 9th. They competed against 11 other teams and did a great job!

Session 5: "Screenagers: Under the Influence" (70 minutes)

We are excited to share information about the fifth session of this school year's SD43 Family & Community Learning Series. The presentation, 'Screenagers: Under the Influence,' has been shared with SD43 families. More information may be found in the attached PDF or on the [Family & Community Learning Series webpage](#)

The viewing link for Screenagers: Under the Influence will be available from: April 14 - May 4, 2025

Open to all community members and parent/caregivers. This documentary is valuable for parents of children in Gr 5 to 12

[PRE-REGISTRATION](#) is required to receive the viewing link.

About the documentary:

Screenagers Under The Influence: Addressing Vaping, Drugs, and Alcohol in the Digital Age, the third feature documentary in the Screenagers trilogy, delves into how the tech revolution has reshaped adolescence and its effects on substance use. The film debunks myths and depicts strategies parents and schools can use to encourage healthy decision-making, support teen mental health, set limits, and create healthy home environments. The film also includes many ways young people are using their wisdom and strength to help each other and themselves through this complicated terrain around substance use.

While most documentaries about substance use focus on severe addiction, Screenagers Under The Influence fills a pressing need for a film that explores more common scenarios. The film is grounded in teens' current reality of being flooded by images on social media, movies, and TV shows about vaping, drugs, and alcohol.

Like the first two Screenagers films, Screenagers Under The Influence interweaves cutting-edge science with personal stories to create an informative and entertaining film experience for young people and adults alike. Screenagers Under The Influence focuses on practical solutions for keeping our teens safe in a changing world.
