- Beautiful work locations around Metro Vancouver
- Work on locally based crews
- Variety of tasks and teams
- Work outside in the fresh summer weather
- Become healthier and stay active
- Ample opportunities to return every summer
- Opportunity to turn a summer job into a long-term career
- Excellent on-the-job training

YOUR QUALIFICATIONS

- Punctual, trustworthy, and reliable
- Ability to work in a fast-paced environment and deliver timely results
- Positive and professional team attitude
- Physically demanding, hands on work

YOUR PERKS

- Starting wage is \$19/hr with opportunities to make more!
- 4% paid vacation
- 4 day Canada Day long weekend off
- Free in-house education (dinner included)
- Staff social events
- Safety gear, tools and machines are provided
- Annual picnic in September (friends/family welcome)

OUR STORY

Para Space has been an award-winning leader in the Canadian landscape industry since 1979. We have been built on care for those we work for and those who work here being one of the most accredited landscape firms in North America. We were also voted one of BC's Best Companies to work for by our staff and are a COR recognized company by WorkSafeBC.

This is what others have to say about working at Para Space:

“Lots of fun, very inclusive atmosphere, encouragement from all sides, great learning environment. Definitely the coolest company to work for. All of the supervisors I worked with were really smart and I loved being around people I could ask questions. Definitely, training was thorough & everyone was very supportive.” ~ *Joy*

“It’s incredible how much time and resources you’re investing in us. As a worker I can’t begin to describe how it feels to have a company care so much about ones own personal development.” ~ *Liam*

“I think Para Space is a good company. The training, seminars etc are an excellent way for people to meet each other and further their training.” ~ *Hannah*

“I found work at Paraspace when travelling in Canada. I thoroughly enjoyed my time spent with the company. I met a great bunch of people, who were motivated and had a good work ethic. The work itself was rewarding, being outdoors and hands-on. Different job sites also allowed me to see more of the city. Paraspace is well structured and provided me with many opportunities to educate myself and up-skill. Regardless of experience, with on the job training, Paraspace will find a place for you. There is a great sense of community in the company which allowed me to forge friendships lasting to this day. I would gladly recommend work here for anyone who is interested.” ~ *Lauren*

“Overall, I have nothing but good things to say about Para Space. I grew so much as a person over my three years of working there. You guys really do give opportunity to just about anyone that has a good attitude and work ethic. I appreciate everything the company has done for me and want to thank you all so sincerely.” ~ *Frankie*
