WELCOME TO SFU'S FACULTY OF ARTS AND SOCIAL SCIENCES

Also known
as FASS!

Welcome to the most diverse faculty at Simon Fraser University!

In FASS, you can follow your curiosity and discover your passions. Whether you're drawn to history, literature, and languages; politics, crime, and social justice; Indigenous and 2SLGBTQIA+ rights; the mind and human behaviour; religion and culture; or health and wellness, FASS offers the flexibility to study combinations of these exciting topics and graduate with a degree you love.

We understand that the range of choices can feel overwhelming and that university is a big step in your life. That's why we take pride in our supportive team of advisors and student engagement staff at Arts Central, located in the heart of SFU's Burnaby campus, and with the FASS One team at SFU Surrey.

Our top-ranked programs, hands-on learning experiences, and world-class faculty members — who are at the forefront of innovative research — will help you expand your horizons, deepen your understanding of the world, and equip you with the skills needed to thrive in the world of tomorrow.

Graduates of SFU FASS make a real impact across various fields in their communities and around the world. They become social entrepreneurs, lawyers, teachers, registered counsellors, UX/UI designers, marketers, and much more. You will find them making a difference in classrooms, boardrooms, startups, nonprofits and beyond.

Are you ready to explore meaningful and relevant topics that ignite your interests while gaining the skills and knowledge essential for your future career?

We hope to see you soon!

STUDY WHAT YOU LIKE EARN A DEGREE YOU LOVE

I care about social issues and the experiences of workers, which has driven my interest in sociology.

I can connect interests of mine together—something that I hope to maintain as I continue my education, and explore my career paths into the future.

BEN ETIENNE

Political Science major, French minor (2014)

Manager of Support and Success, New/Mode

Since graduating, I have stood out from other candidates due to the fact that my degree is bilingual.

ADD LIFE AND WORK EXPERIENCE TO YOUR DEGREE

As a FASS student, we make sure you have all the opportunities you need to add valuable out-of-the-classroom experience to your university degree.

→ **Co-operative education**

Earn an income, grow your network, and add work experience to your resume. Co-op is a celebrated strength at SFU.

→ **Field schools**

Earn units while studying abroad in countries including Belgium, Italy, Czech Republic, Finland, and Scotland.

→ **Exchanges**

Exchanges are a way to study abroad, earn units, and immerse yourself in the host culture, while internationalizing your degree and resume.

→ **Labs and research opportunities**

FASS is known for its research, and we are always adding opportunities for students to get involved with hands-on learning experiences.

I made the decision to become a History major while attending the field school in Greece.

I was able to experience and learn beyond the classroom for the first time while also traveling around Greece. Taking history courses allowed me to explore my love of history and historical literature.

SUPPORTING YOU EVERY STEP OF THE WAY

Our supportive community and welcoming environment ensure that you will always have the guidance and connections you need to thrive throughout your university experience.

ADVISING

Connect with advisors at Arts Central for everything from course selection to degree planning. Advisors are ready and able to help students from their first day on campus—getting help early on will have a positive impact on your studies.

ARTS CENTRAL

Located at the heart of SFU's Burnaby campus, Arts Central is the go-to place for FASS student resources and a friendly space to hang out or study with friends.

FASS ONE IN SURREY

FASS One supports FASS first-year students at SFU's Surrey campus. In a cohort-like setting, you will receive assistance from a dedicated advisor and peer mentors for the first year of your academic journey. FASS One students have close contact with professors and staff, as well as the community at the Surrey campus.

Additional benefits to enrolling in FASS One include reserved seats in courses, small classroom sizes, and regular engagement with the FASS Friends and Mentors (FaM).

FINANCIAL AID AND AWARDS

Scholarships are available to help you with the cost of university. Speak to a Financial Aid Advisor for more information.

MENTORSHIP

Arts Central is the home of the FASS Mentorship Program. Apply to be paired with a mentor and get help adjusting to university life. Mentors act as your personal guide and give you the inside scoop on quiet study spaces, fun clubs and activities, favourite professors, and the best food on campus.

Mentorship is a peer-to-peer experience which can lead to long lasting friendships.

STUDENT UNIONS

By joining a student union, you will meet fellow students with similar academic interests and career goals.

As a FASS student, you automatically belong to the Society for Arts and Social Sciences (SASS), as well as departmental student unions for any courses that you take.

Members of student unions organize social, academic, and career-related events for students, represent the opinions of students in departmental meetings, and work together to better represent the needs and interests of students in their departments.

Find a volunteer position, through clubs or in the campus community, or an on-campus job. That's where you will meet friends, become active in the community and make connections.

JESS DELA CRUZ

English major; minors in Gender, Sexuality, and Women's Studies & History (2023)

Executive Assistant, International Indigenous Speakers Bureau

My favourite things about university so far are all the connections I've made with people and knowing there is support all around.

MANISHA SIDHU

Current FASS student, Psychology major

FASS One mentor in Surrey
