

DR. CHARLES BEST SECONDARY SCHOOL

SCHOOL SUPPLIES

2018-2019

There is not a formal list of supplies as it is dependent on the classes that the students have each semester. The teachers will let the students know if there is anything specific that they need for their courses. Generally, students just need a few binders, pens and pencils and loose leaf paper for the binders. We are starting 'bring your own device' this year for all Grade 9 students where students will bring their own laptop or tablet to school. Grade 9 students will be using their devices for the Digital Literacy 10 course as well as in English 9 and Science 9. Please refer to the "Documents" section on our school website "BYOD Digital Literacy"
