Summit Days: March 6th, 13th, 20th, 27th

A Gamar Foundation Initiative
Inspire. Empower. Connect.

The SDG Virtual Summit runs over four Saturdays in March and is led by educators and global shapers from Harvard, MIT and the United Nations.

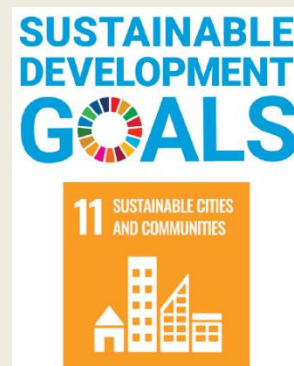

The program is designed to empower high school students to affect change within their local communities. Working in small groups, students will collaborate and create policy that address a current challenge in their local communities.

At the end of the summit, the culminating project is a polished memo to persuade policymakers to address an issue relevant to their communities that works to fulfill one of the UN Sustainable Development Goals.

All Gr 9-12 students are welcome to join.
