# ABOUT CINEKIDS SUMMER FILM CAMP 2015

Each day will introduce participants to new and different aspects of filmmaking and acting for film in an engaging, informal environment which is based on a fun first approach.

For example: Day 1 - Students will receive screenplays and learn how to audition for roles followed by snack break, then movie previews of short films to discuss story structure.

Day 2 - Students will learn some basic film stunt techniques related to their movie such as how to roll, followed by an outdoor excursion and snack break. After break, they will also rehearse their scripts and learn blocking (movement) technique as well camera technique.

Day 3 - By now everyone should have most of their lines memorized. Rehearsal for an hour and then a snack break followed by focussing technique.

Day 4 - Filming Day! A professional film director and film crew arrive to film with the students! This will take most of the afternoon.

Day 5 - Film Premiere! All students get to watch an edited film and see the results of their acting lessons in action on screen for the first time. Snack break followed by 'Movie Day'.

At the end of the program every child takes home a Mini Movie clip of a 5-7 minute scene (starring themselves) to share with friends and family. Filmed on a real digital film camera with real movie lights and a small movie crew, this is a wonderful souvenir for young children dreaming of being in a movie!
