

District No. 43 (Coquitlam) Safe Schools Task Force  
Resources available:

- Each school has received a copy of the Canadian Red Cross video “How to Help: A Youth Perspective on Bullying” which will be available for parents. This video is a way for parents to gain insight into how to provide support to their children if they are bullied.
- Following a one-day summit dedicated to student safety with a focus on bullying, a parent portal [www.erasebullying.ca](http://www.erasebullying.ca) has been established, along with a student online reporting tool. Detailed instructions regarding the online reporting will follow in the near future.
