

Hazel Trembath Elementary PAC Newsletter

RISE UP TOGETHER

What is the PAC?

The PAC consists of all the parents/guardians of Hazel Trembath students and;

- advocates for a strong education for our students. This currently includes advocating to the ministry for a timely rebuild.
- facilitates communication between the school and the families
- enriches student experiences through in-class presentations and field trip costs
- creates family involvement in the learning environment and build a sense of community amongst families.

School Photo release Form

Do you wish to see more of Hazel Trembath's students in action? Last year, many families did not authorize the use of student photos, limiting the publication of photos our kids at school events and in the classroom. Without signing the photo release form, the school cannot use any of your child's photos on the school website, school instagram or in school newsletters. Please consider signing this form. It is done annually and it is usually a checkbox on the back to school forms each year.

Parking at Drop-Off

Now that we're a few weeks into the school year, we just wanted to remind parents that in the morning the area in the gravel lot closest to the school / bus parking area is for immediate drop-off of students only. If you are parking and walking your children down to the bus, please park your cars on the opposite side of the lot along the wooded area. Parking restrictions are only in effect during the morning drop-off.

A NEW Playground!

BIG thank you to the PAC Playground Committee that took on the advocacy campaign to get a new playground for our kids to play on while they're at Winslow. Because of the efforts of this group and Hazel Trembath Staff's advocacy, a new playground will be built with completion expected to be before the middle of November. **PLUS...** this playground is movable! So when Hazel Trembath is rebuilt and our students return to our community, this playground can come too! However, as playground moving costs are not covered by the fire insurance, nor are they typically paid for by school districts, the PAC may have to help pay for the cost of relocating the playground. Participating in PAC events such as Dine Out for Hazel and seasonal fundraisers can help raise money for this.

November 22...

Breakfast with Santa

Breakfast with Santa? It's not even Halloween yet! True, but for the PAC to successfully host the annual Breakfast with Santa event, we need to start planning now! The committee organizers have started the process, but they need volunteers to help stage this event. So if you would like to help, **please reach out to the PAC**. Without volunteers, this year's Breakfast with Santa will not happen. Traditionally, tickets are sold and fundraising profits are given to the school for families who require additional financial support.
