CAREER CENTER

Women in Science evening session

Women in Science

Learn more about our leaders who are paving the way for research in health sciences, including what inspired them to pursue a career in science and barriers they faced.

Thursday, February 9, 2023
7:00 – 8:30 pm

At [BC Children's Hospital Research Institute](#), [Women's Health Research Institute](#) and [BC Mental Health & Substance Use Services Research Institute](#), we are proud to support our inspiring female leaders who are making groundbreaking discoveries and innovations in research. During this unique event, you will have the opportunity to discover the significant role women play in science and technology and explore the diverse careers available in health research.

Our Women in Science evening strives to empower the community and promote an equitable and inclusive learning environment. We interpret women in the broadest sense and respect all ways in which people choose to self-identify including female-identified, agender, non-binary and women across the LGBTQIA2S+ spectrum. People of all genders are welcome to attend.

• How to Participate:

- Participation is open to high school students, university students, healthcare professionals and members of the general public.

- **In-person:** Engage with our inspiring leaders in-person at BC Children's Hospital Research Institute. *In-person participants will be invited to join us for a networking reception before the event for the opportunity to interact with panelists. Light refreshments will be provided. Space is limited.*

- **Virtually Live:** Engage with our inspiring leaders online in real-time.

- The registration form is currently available and will close on **Sunday, January 22 at 11:59 pm**. Participants will be selected based on a random lottery draw. Visit the registration page for more info and FAQ.
