UBC Women in Engineering High School Mentorship program: Mentee application

- UBC Women in Engineering (WiE) is officially launching this year's high school mentorship program!
- The UBC WiE Mentorship Program strives to increase female* high school students' access to engineering, and to create a space where they can explore what engineering is and has to offer.
- Mentees will be supported by mentors through the program curriculum and various mentorship events (eg. Opening Ceremony, University Application Workshop, UBC Campus Tour, chats and activities with mentors, etc).
- Additionally, mentors and mentees are free to schedule individual meetings outside the curriculum for any guidance and questions mentees may have regarding engineering, here at UBC, or otherwise.
- The application deadline is **November 4th, 2024**.
- If you are interested and would like to learn more, apply!
