Telus Student Bursaries

TELUS Friendly
Future Foundation

- **Investing in tomorrow's leaders**

- TELUS Student Bursaries are awarded annually to more than 500 students who are experiencing financial need and who are committed to making a difference in their communities.
- Post-secondary education opens doors to a brighter future for youth and their families. Unfortunately, for too many young people in Canada, attending college or university is also a time marked by financial stress, with the average Canadian undergraduate leaving post-secondary school heavily in debt.

About the Bursary

- The TELUS Student Bursary provides financial assistance to post-secondary students across the country who give back in their local communities and are committed to a social impact project.
- Recipients receive a bursary valued at \$3,000 (college) or \$5,000 (university) to put toward tuition fees at post-secondary institutions in Canada.

- Who is eligible to apply:
- Youth between the ages of 17 and 29 in financial need
- Accepted into, or attending, a first undergraduate degree or diploma program at a college, university or polytechnic institute in Canada
- Canadian citizen, permanent resident or Protected Person
- Students committed to delivering a social impact initiative during the course of their studies that will have a positive social or environmental impact in their community.
- Application opens March 5 for a maximum of two weeks or until 700 applications are received. **APPLY TODAY**
